Summary

Computer Science Engineering student with hands-on experience in full-stack and AI-powered applications using MERN Stack, Python, C++, SQL, REST APIs, and MongoDB. Strong foundation in DSA, OOP, backend development, and LLM integration, with an interest in Product Engineering and Generative AI.

Professional Experience

Web Development Intern , Aleafiaa Pharmaceutical Pvt. Ltd. 	06/2025 – 07/2025 Thane, Mumbai, India
- Contributed to website development, improving functionality and user experience. - Collaborated with teams, strengthening communication and multitasking skills. - Participated in requirements, testing, debugging, and solution improvement.	
Business & Sales Associate , Om Shree Jewelers	Asika, Odisha
- Analyzed gold market trends and customer preferences while supporting pricing, sales, and customer relationships. - Coordinated with suppliers and agents for sourcing and business operations, developing negotiation, communication, and market analysis skills.	
AI Engineering Intern , Robonic Infotech	07/2026 – Present Mumbai, India
- Contributing to an AI-powered mock interview platform and integrating multiple AI APIs with fallback mechanisms for reliability. - Integrated and tested Groq API for LLM-based interview workflows, with hands-on experience in API integration, debugging, testing, and optimization.	

Projects

To-Do List Web Application  , Full-Stack Web Application Task Management
- Developed a full-stack task management application with CRUD functionality using Node.js, Express.js, and MongoDB. - Built a responsive interface for creating, updating, and deleting tasks with an efficient user experience.
AI Career Guidance Platform  , AI-Powered Career & Resume Analysis Platform
- Developed an AI-powered platform for resume analysis, ATS scoring, skill-gap identification, and career recommendations. - Integrated AI APIs and backend services to analyze resume data and generate role-specific career insights. - Built an interactive dashboard to present skills, ATS results, recommendations, and actionable career insights.

Skills

Software Development MERN Stack, Node.js, Express.js, React.js, REST APIs, API Integration	AI & Generative AI LLM Integration, Generative AI, Prompt Engineering, Google Gemini API, Groq API
Computer Science Fundamentals DSA Basics, OOP, Software Engineering, Debugging, Testing	Data & Business Analytics Excel, Power BI
Programming Languages C++, Python	Database Management MongoDB, MySQL, SQL, Database Operations
Engineering & Development Git/GitHub, Debugging, Testing, Error Handling, Backend Development	Product & Problem Solving Requirement Analysis, Problem Solving, Analytical Thinking, Technical Solution Design
Business & Market Analysis Market Trends, Customer Preferences, Competitor Awareness, Sales Analysis, Business Insights	Analytical & Problem Solving Analytical Thinking Problem Solving, Attention to Detail

Certificates & Achievements

Best Marketing Strategy – Certificate of Achievement  Ronak Group of Companies Campus Recruitment July 2026	AWS Academy Graduate – Cloud Developing – Training Badge  Amazon Web Services (AWS) 40 Hours Issued November 2025	Certified AI Professional  Become a Certified AI Professional in 2026 June 2026
Full Stack Web Development with AI  Internshala Trainings June 2026	Table Tennis Gold Medalist AUM Gold Medalist 2024–2026	

Education

B.Tech – Computer Science Engineering (AI/ML) , Amity University Mumbai	08/2023 – 06/2027 Mumbai, India
CGPA: 8.45/10 Relevant Coursework: DBMS, Software Development, Data Structures & Algorithms, AI & Machine Learning
